

## Family

By Cindo Aviles

In Family lies precious threads

No matter where we go

They draw us close to those we love

And pull our hearts close to home

My family

When I was just a little child,

I began to see I had a special family

Who is always there for me

A family stands by you

No matter what you've done

Who picks you up and dries your tears and point you to the sun

**What is Family?**

**By Nia Cooper**

**What is Family?**

**Family is the warmth in my heart**

**The thing that keeps me going**

**When I want to stop**

**The move to my groove**

**And the rhythm to my beat**

**Family is the thing that makes me complete**

**What is family?**

**This is family**
